Re: WE Foundation Grant Policy and 2017-18 Program Year

The WE Foundation Board is pleased to announce our 2017-2018 Grants to Educators program for classroom/school/district grants to benefit Windsor Unified School District students in our community of Windsor. We have attached our grant policy, timeline, FAQ, and sample application form. We will also be adding examples of grants on our website for applicants to use in preparing grant application packages.

The WE Foundation will fund these grant projects in addition to our other planned projects of:

- Teacher gift cards for classroom supplies
- Specific fundraising programs for targeted school site projects (i.e. HERO program, Fall Carnival, etc)
- High school scholarships

The amount available for grants will vary on a year to year basis based on donations raised each year.

We thank you for your efforts to promote our program with all WUSD school administrators and staff.

Katy Dillwood

WE Foundation President
